# COMMERCIAL ELEVATORS

## SMART AND SMOOTH

Engineered to integrate industry-leading technologies into your building design, our commercial elevators optimize cost efficiency with aesthetic elegance. The performance of our commercial elevators is geared to optimize energy consumption.

### **Energy Effective**

The Magnetic machine in our elevators coupled with smart integrated panels provide great energy savings.

### **Digital Intelligence**

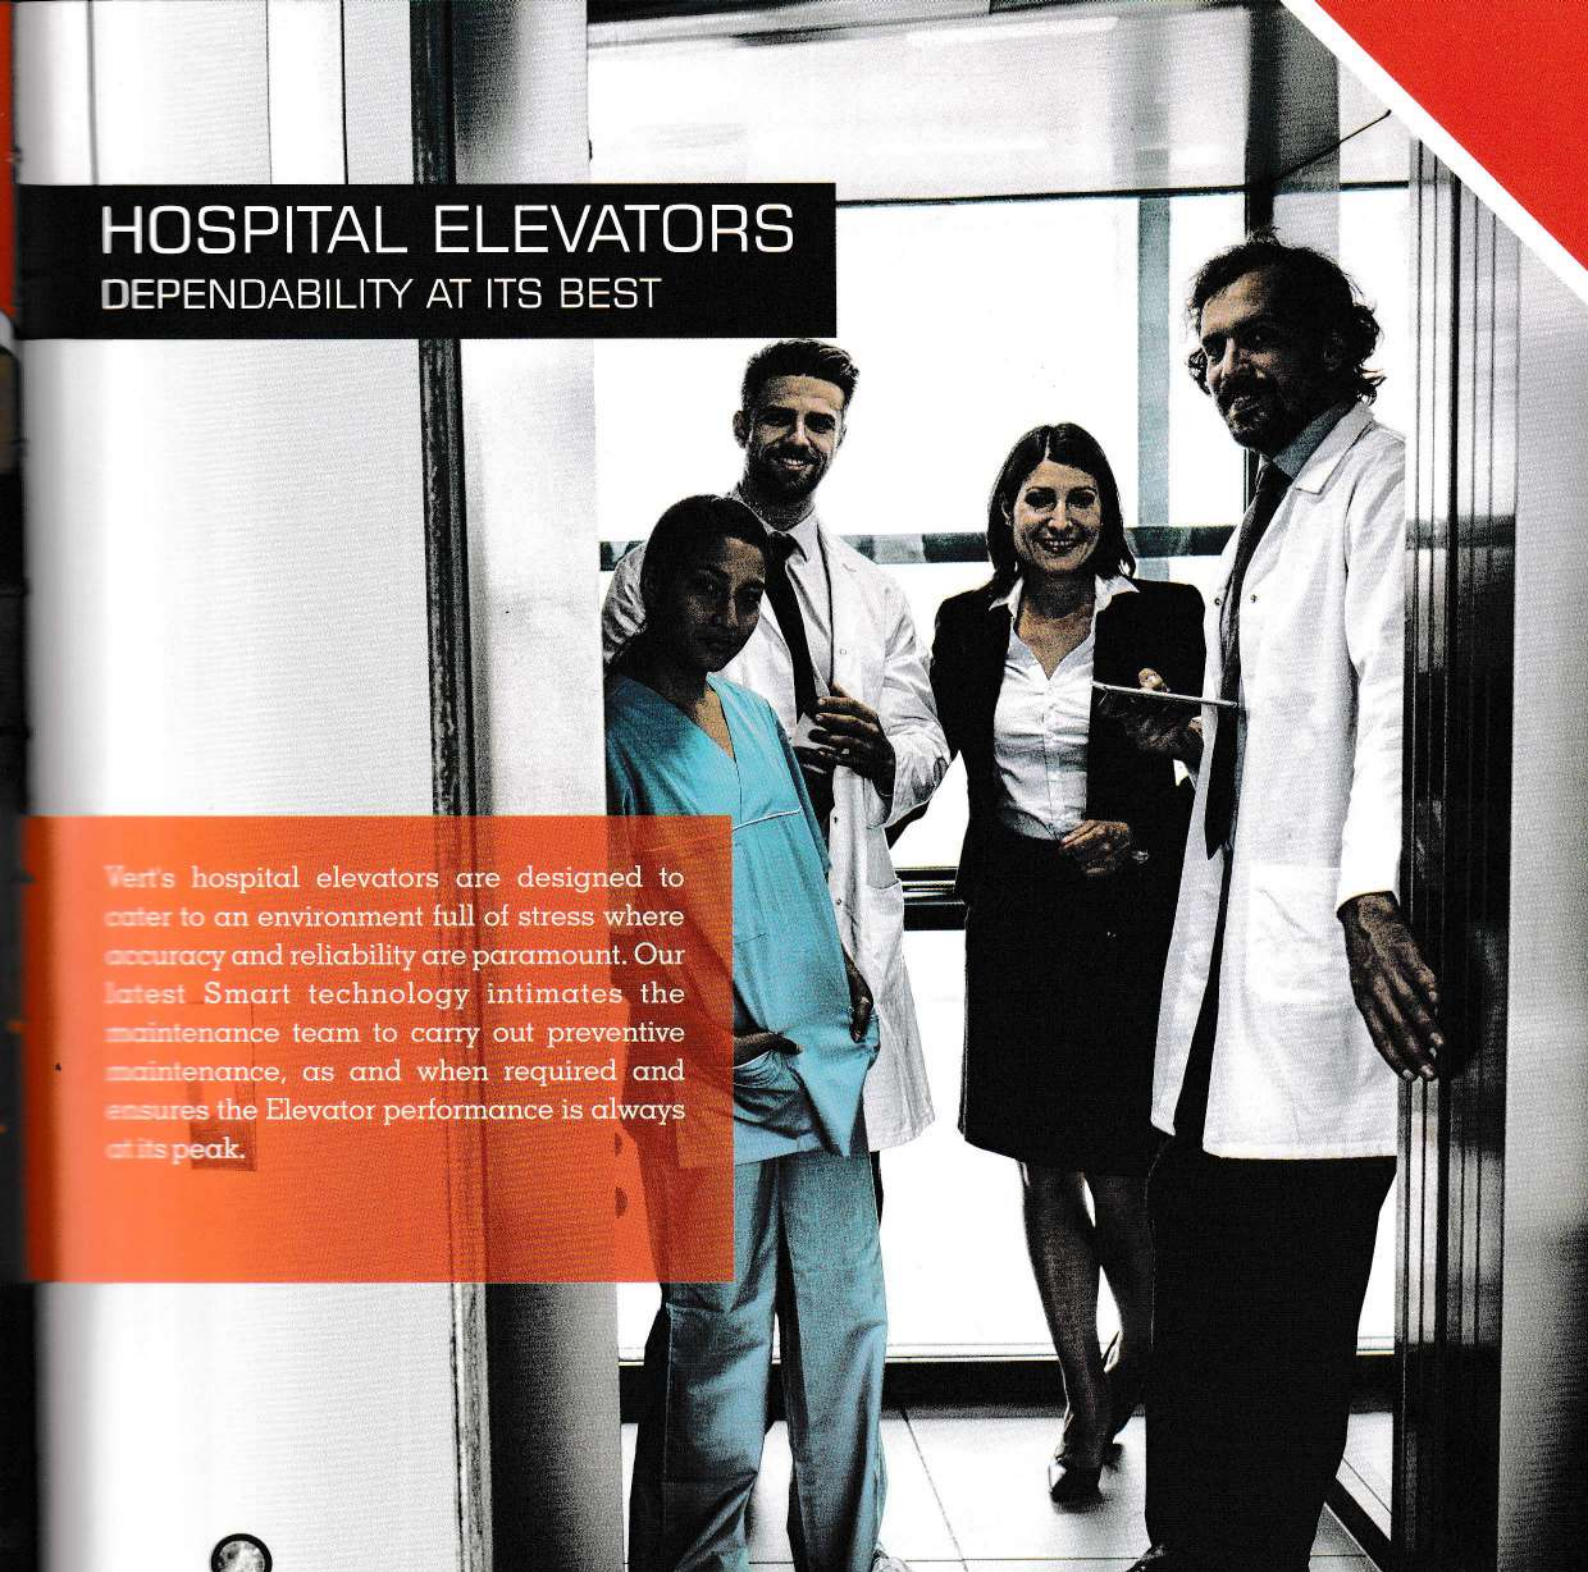

We combine smart integrated panels with remote monitoring features, mobile phone synchronization and state-of-the-art controller systems to ensure a smooth and hassle-free ride.

### **Corporate Aesthetics**

Adapting to the building's personality, we offer a wide range of options from modern elegance to traditional sophistication.

# HOSPITAL ELEVATORS

DEPENDABILITY AT ITS BEST

Vert's hospital elevators are designed to cater to an environment full of stress where accuracy and reliability are paramount. Our latest Smart technology intimates the maintenance team to carry out preventive maintenance, as and when required and ensures the Elevator performance is always at its peak.

## Customized Sizes

While designing our hospital elevators, our team ensures that the elevator is not only durable and efficient but also large enough for patients and staff to feel comfortable. The cabin is uniquely designed to offer added space for hospital beds and stretchers.

## Safety with Security

In case of power outages, the failsafe mechanism in our elevators is designed to help patients and hospital staff evacuate to the nearest floor. Today, in times of Covid-19, our Elevators also offer touchless solutions so you can ride the elevator without any concern.

## Smooth Ride

Our close loop system coupled with our magnetic motor technology is expertly paired to ensure a smooth ride in this highly demanding environment.

# INDUSTRIAL ELEVATORS

## STABILITY IN DURABILITY

Our high-performance industrial elevators combine functionality with quality giving you the perfect asset for your industry. We understand that each industry requires a different set of key features to be a part of their elevators and our tailored elevators offer every solution to your requirements.

### **Heavy Load Durability**

The Elevator is uniquely designed to your specifications of load capacity and also caters to your speed requirements while withstanding years of heavy use

### **Hazard Proof**

Equipped with the latest technology, you can opt for upgrading your Elevator to make it Flame proof, Dust proof and Chemical proof.

### **Customization**

We offer end-to-end customizations in our Industrial Elevators including S dimensions, wide Door opening and lorry stoppers among others.

# GLASS ELEVATORS MAKE A STATEMENT

See the world as you move upwards in our line of glass elevators where class meets comfort. Its Seamless design gives you a panoramic view of your surroundings. It is made of high quality glass and is best suited for home, business centers, shopping malls, hotels, airports and train stations.

## **Eco-friendly**

Vert's Glass Elevators enable sunlight to shine freely into your Elevator reducing the energy consumption needed for lights inside. This helps save significantly on your electricity bill.

## **Luxury Extravagance**

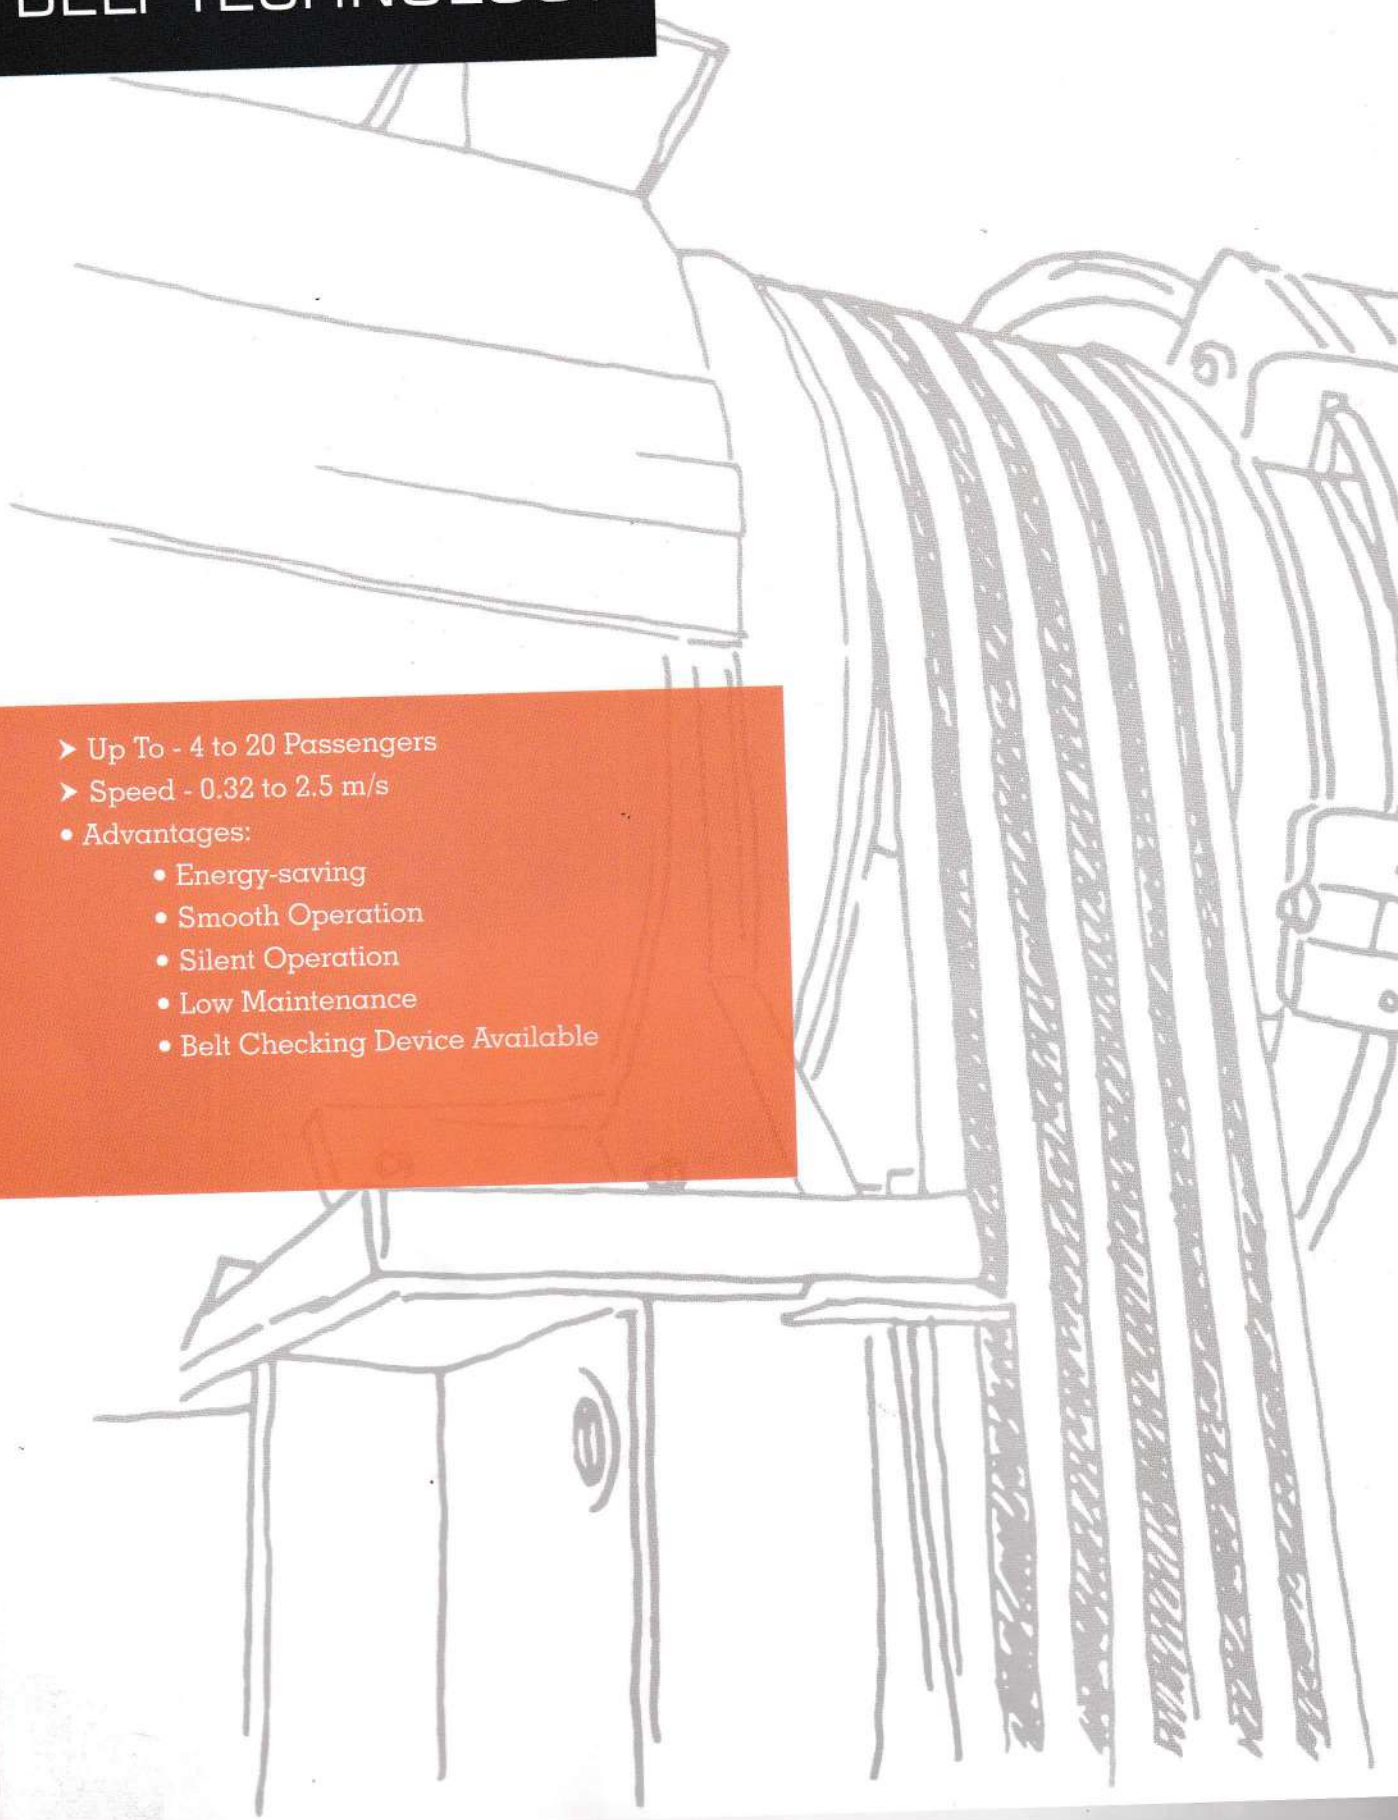

With a wide variety of cabin options based on the design of your building our glass elevators are a luxury show piece from inside and outside.

## **Durability**

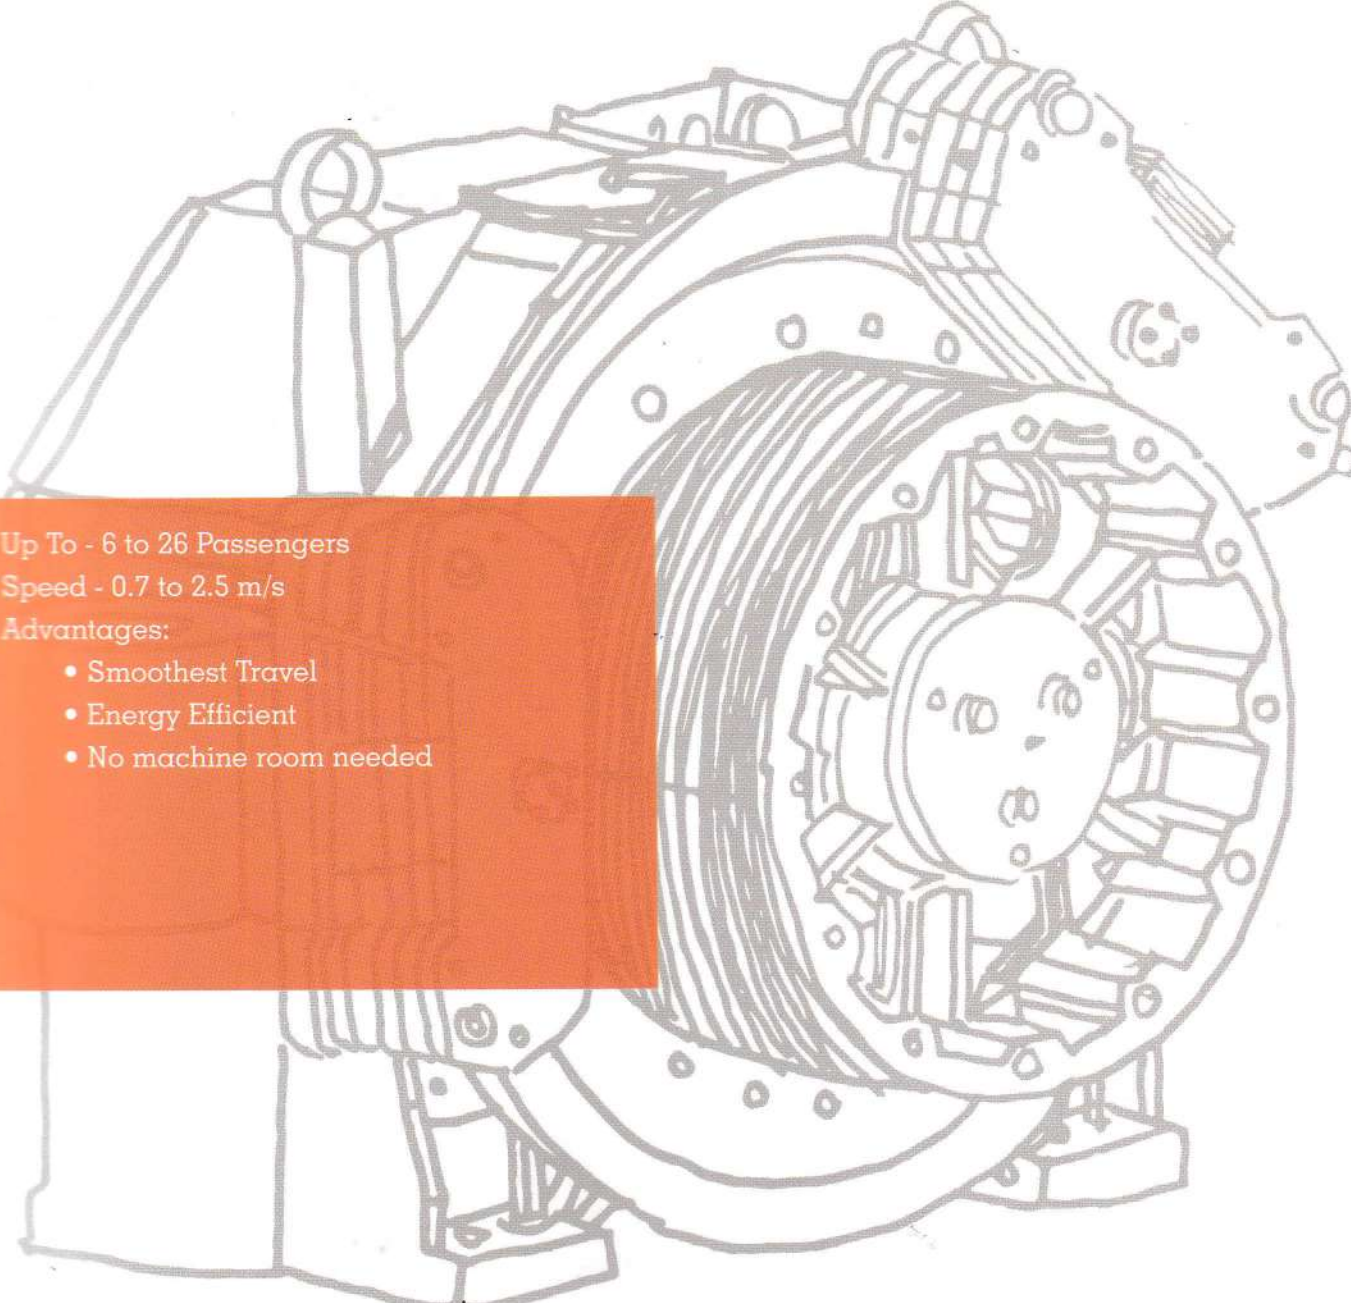

Built with strong toughened glass, the Glass cabins are scratch proof making them look new and luxurious for years to come.
